

GForce

Mist Sprayers & Mist Blowers

GForce Mist Sprayers & Mist Blowers ENGINE DRIVEN SKID MODELS

Tyrant

Strike

Built with You in Mind

GForce fans (class III) includes Heavy Duty greaseable bearings and safety rings notched in place to remain on the fan blades during hard use. A first now being produced by others. Air speeds of 100+ mph.

GForce mist sprayers provide the operator with spray control. This provides easy access to all necessary controls out of harms way.

Our fans are belt driven with a Heavy Duty cogged V-belt for very dependable service.

GForce volutes are galvanized steel and Raptor coated inside and out for all chemical protection to be used with a mist sprayer.

GForce delivers uniform spray with no dead spots, as tested with our digital air speed indicator, to deliver the most efficient chemical application.

GForce volute sprays both directions. Easily rotates spray opposite directions.

Spray insecticides, fungicides, herbicides and foliar feed with a fraction of the water volume needed with boom sprayers.

Go where Boom Sprayers Can't Go

GForce can spray your roughest tough spots such as ravines/ditches, fence lines, terraces, trees/brush areas and wet or steep sites.

GForce will spray your livestock and around hog/poultry building areas.

Cover either side with our 210 degree rotation of our spray volute. Volute rotates by a 12 volt actuator or manually by hand. Adjust at any level to spray at any height.

GForce will enable you to create spray barriers for biting insects, grasshoppers and other pesky bugs.

Protect your livestock and feedlots from pests.
Protect your produce acres/truck farming crops.
Create pest barriers.
Foliar feed your various specialty crops.

GForce can be used for most of your spraying needs when the conditions demand. Cover the areas not capable with other sprayers as your needs arise. GForce is a specialty sprayer that can do most all types of spraying when necessary.

Gov't entities can use the GForce on public properties for mosquito and other insect and pest control. City and counties control mosquitoes in parks, golf courses and river areas.

GForce is the highest quality, heavy duty, dependable and most cost efficient mist blower of its type on the market.

Broyhill

Tyrant

15 gallon poly tank. Easy fill with drain.
9" fan with manual Kohler PRO 209cc 7 hp.
Glycerin filled Pressure Gauge.
12 volt electric pump, 2 gpm @10 psi: 1 gpm @ 60 psi.
Volute – 2 nozzle, Galv. steel with Raptor coating in/out.
210 degree rotation/volute (can spray in opposite directions).
Spray coverage from 65' horizontal; 30' vertical (depends on wind).
ON/OFF electric spray controls.
Hand wand with 15' hose – std.
Iothane (special) 2 part chemical resistant paint.
Battery not included (Lawn & Garden type).
Wt. 160 lbs. Dim. 24" wide x 34" long.

Strike

40 gallon poly tank. Easy fill with drain.
Dual jet agitation – std.
12" fan with Honda 13 hp 390, cc.
Glycerin filled Pressure Gauge.
Hypro 6 roller pump (smooth, quiet, high quality).
Volute – 4 nozzle. Galv. steel with Raptor coating in/out.
210 degree rotation with 12 volt electric actuator.
Spray coverage 140' horizontal; 85' vertical (depends on wind).
12 volt electric controls for spray ON/OFF and actuator (volute rollover).
Hand wand with 15' hose – std.
Fork truck liftable.
Iothane (special) 2 part chemical resistant paint.
Battery not included (Lawn & Garden type).
Wt. 390 lbs. Dim. 53" long x 36" wide
